

Google Nest Hello Video Doorbell

Ding dong. See who's at the front door with Nest Hello. It shows visitors head to toe, and packages on the ground, so you can see who's there even when you're not home.¹ Never miss a thing (or a ring) again.

Dimensions

W **1.7"** H **4.6"** D **1.0"**

Camera

- 1/3-inch, 3MP (2K) color sensor
- 8x digital zoom

- Wide and tall HD video, 1600 x 1200, with HDR

Feature Highlights

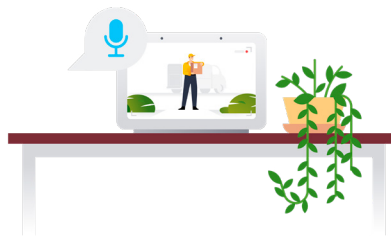

- 24/7 live video streaming
- Intelligent alerts for people and package alerts
- Works with the Google Assistant
- 4:3 HD video and HDR (High Dynamic Range) imaging
- HD Talk and Listen

Top features

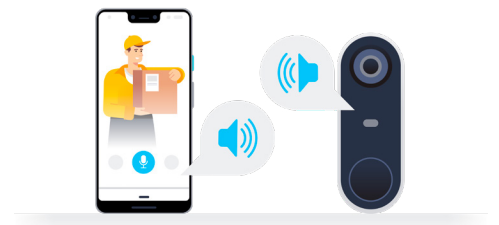

See everything clearly

- Nest Hello offers wide & tall 4:3 HD video, and:
- Live streaming anywhere with the Nest app
 - HDR imaging for sharp details in challenging light
 - Night Vision to keep an eye on your door 24/7

Cross-platform viewing

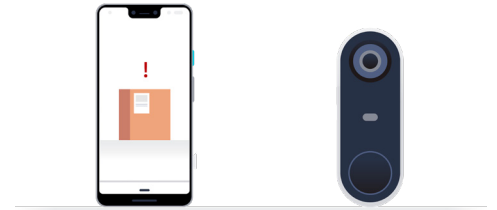

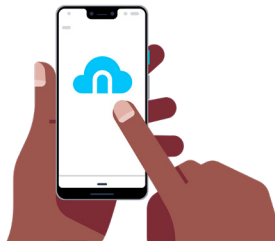

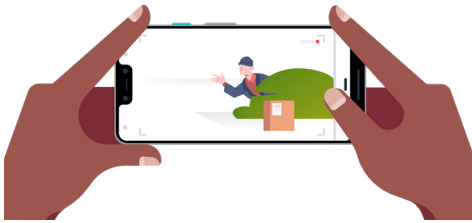

- See who's there with Nest Hello on:
- Your Android or iOS mobile device
 - A Chromecast or TV with Chromecast built-in using voice commands²
 - Google Nest Hub or a smart display with the Google Assistant³

Answer from anywhere

- You can respond to visitors in multiple ways, with:
- HD Talk and Listen to speak and hear loud and clear
 - Pre-recorded messages from the Nest app
 - The Nest x Yale Lock (sold separately) — unlock it remotely with the Nest app⁴

Top features (cont'd)

Customizability

Nest Hello's thoughtful features fit your needs:

- Person alerts when it spots someone
- Familiar face alerts announce who's there by name⁵
- Activity Zones around important areas⁶
- Quiet Time to temporarily silence your house's chime

The free Nest app

Set up Nest Hello, check your live feed, and:

- Answer the door live or with prerecorded messages
- See a 3-hour snapshot history
- View continuous cloud video recording for up to 30 days⁷
- Speak to guests from anywhere with HD Talk and Listen

Intelligent Alerts

Alerts for when a package is left outside

- Advanced sound notifications
- Alerts when packages are delivered and retrieved
- Nest Aware subscription required

¹ Some features, including video streaming, recording, and mobile notifications, require working internet and Wi-Fi.

² To use voice commands, Chromecast enabled devices must be paired with a Google Assistant enabled device.

³ Night vision not supported on Google Nest Hub

⁴ Some features, including mobile alerts, remote control and custom schedules, require the Nest app, working internet and Wi-Fi, and Nest Connect or Nest Guard. Notifications are provided for convenience and should not replace ordinary care in locking your door.

⁵ Familiar face alerts require a Nest Aware subscription. Not available in cameras used in Illinois.

⁶ Requires Nest Aware.

⁷ 24/7 continuous video recording requires an optional Nest Aware subscription. Sold separately.
